

June, 2020

The Barn Theatre is closed to the public according to the Executive Order issued by Governor Tim Walz.

We are listening and staying on top of the orders, the information and the recommendations concerning COVID-19. We are a 'live event' facility that traditionally holds 220 people in our theatre – currently the orders do not allow us to safely return to producing shows.

We are sad to have our doors closed and are missing each of our patrons, volunteers both on stage, backstage and behind the scenes. Staff is working very limited hours and are available by appointment only. Please call 320-235-9500 or email business@thebarntheatre.com with any questions or concerns.

Our website www.thebarntheatre.com has links to our Virtual Watch Party that was hosted in June. There is a donation button if you are willing to support The Barn Theatre and our expenses during this stressful time.

Thank you for your support and thoughts,

The Barn Theatre Board of Directors

Naomi Lindquist, Operations Manager
